Summary

Project Manager with 5 years of experience leading delivery of large-scale technology initiatives, cross-functional teams, and high-visibility web platforms. Strong background in Agile project execution, sprint planning, risk mitigation, stakeholder communication, and managing complex requirements from concept to deployment. Skilled in coordinating engineers, designers, QA testers, and business partners while ensuring on-time delivery, WCAG accessibility compliance, and superior customer experience. Adept at using AI-assisted tools (ChatGPT, Copilot) to accelerate workflows, support decision-making, improve quality, and streamline project documentation. Seeking a Project Manager role leading end-to-end project execution in a fast-paced environment.

Core Skills

Project Management:

Agile/Scrum • Sprint Planning • Roadmapping • Requirements Gathering • Risk Management • Stakeholder Communication • Timeline Management • Backlog Prioritization • Change Management • Documentation • Cross-Team Coordination

Technical Skills:

Next.js • React • JavaScript • TypeScript • HTML/CSS • Tailwind • jQuery • Contentful • REST APIs • CI/CD • GitHub Actions • Vercel • Google Cloud Tools • JSON • XML • Node.js

Quality & Delivery:

QA Collaboration • Test Plan Support • Defect Triage • Accessibility (WCAG 2.1/2.2) • Incident Response • Debugging Oversight

Tools:

Jira • Confluence • Trello • Notion • Git • GitHub • Vercel • VS Code
AI-Assisted PM Workflows: ChatGPT • GitHub Copilot (documentation, planning, risk analysis)

Professional Experience

Project Manager / Front-End Project Lead

Deloitte — Remote / Florida
2020 – 2025

Led multiple complex, enterprise-level web modernization projects for Texas.gov and TXDMV platforms serving millions of users. Partnered with cross-functional teams — developers, designers, QA testers, product owners, security, and state stakeholders — to plan, execute, and deliver critical digital services.

Key Responsibilities:

- Managed project timelines, sprint cycles, user story planning, and delivery for large React/Next.js initiatives. [Dylan Caballero](#)
- Oversaw requirements gathering, acceptance criteria, and cross-team collaboration to ensure clarity and alignment.
- Led accessibility compliance efforts (WCAG 2.1/2.2), reducing audit findings and improving public-facing usability.
- Coordinated CI/CD deployment schedules, environment configurations, and integration testing across multiple teams.
- Supported incident response during production issues, facilitating communication and prioritizing fast resolution.
- Conducted design reviews, project documentation updates, and stakeholder status reporting.
- Partnered with QA to plan test coverage, validate fixes, and strengthen release quality.
- Leveraged AI tools for documentation writing, test plan assistance, risk identification, and velocity improvements. [Dylan Caballero](#)

Major Achievements:

- Delivered multiple enterprise UI modernization projects on time, improving performance and end-user engagement.
- Implemented reusable component systems and standardized patterns, reducing defects and improving maintainability.
- Strengthened accessibility compliance across state systems, significantly improving user experience and legal alignment.

- Provided UI/UX support for Deloitte's internal AI initiative, improving prompt-driven interfaces and team workflows. [Dylan Caballero](#)

Projects

AI Resume Analyzer — Project Owner & Lead Developer

Led end-to-end development of a full-stack resume-scoring platform using React, Node.js, and OpenAI APIs.

PM Focus: Requirements gathering, product roadmap, sprint planning, risk mitigation, feature prioritization, delivery oversight, user testing coordination, documentation.

DillyDidIt — Project Manager & Prototype Lead

Managed concept, design, and development of a sports prediction social app.

PM Focus: Feature planning, UI architecture planning, backlog creation, user flows, iterative releases.

Portfolio Website — Project Lead

Coordinated planning, design, accessibility compliance, and deployment for a personal Next.js portfolio hosted on Vercel.

Education

Bachelor of Science in Computer Science

Florida International University — 2020
